DETAILED ACTION

Drawings

1. The drawings were received on 02/10/03. These drawings are accepted.

Allowable Subject Matter

1. Claims 1-11 are allowed.
2. The following is an examiner's statement of reasons for allowance: The prior art cited does not disclose the following:
 - A motor vehicle headlamp comprising a light source for generating light, a mirror possessing first and second focal regions and converging lens, the source being placed in the first focal region and the lens having a focus located in the second focal region, the mirror and the lens having axes which are essentially coincident defining an optical axis of the headlamp, and the headlamp further including a mask located in the region of the focus of the lens, in order this to project a beam having an upper cut-off defined by the mask, and the mirror having at least a first area for concentrating the light in the vertical direction, towards a vertical focusing baseline extending substantially horizontally and transversely to the optical axis and passing close to the focus of the lens, wherein the mirror further comprises **at least one corrected vertical focusing area for concentrating the light, in the vertical direction, towards a second vertical focusing baseline separate from the vertical focusing baseline in the axial direction,**

in order thus to increase a width of the light reflected by the first area along the optical axis.
